

# Zika Virus Situation Belize 2016

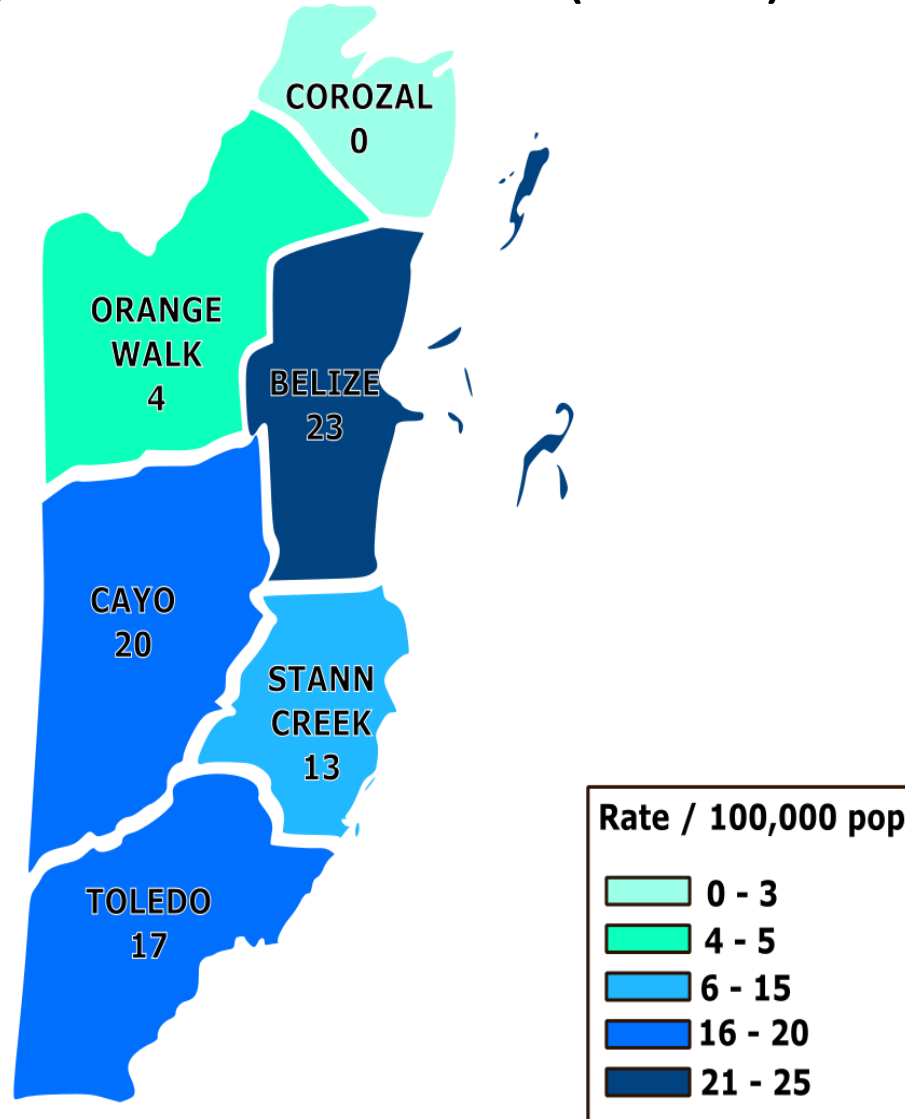

Lorna Perez

Surveillance Officer/FETP Coordinator

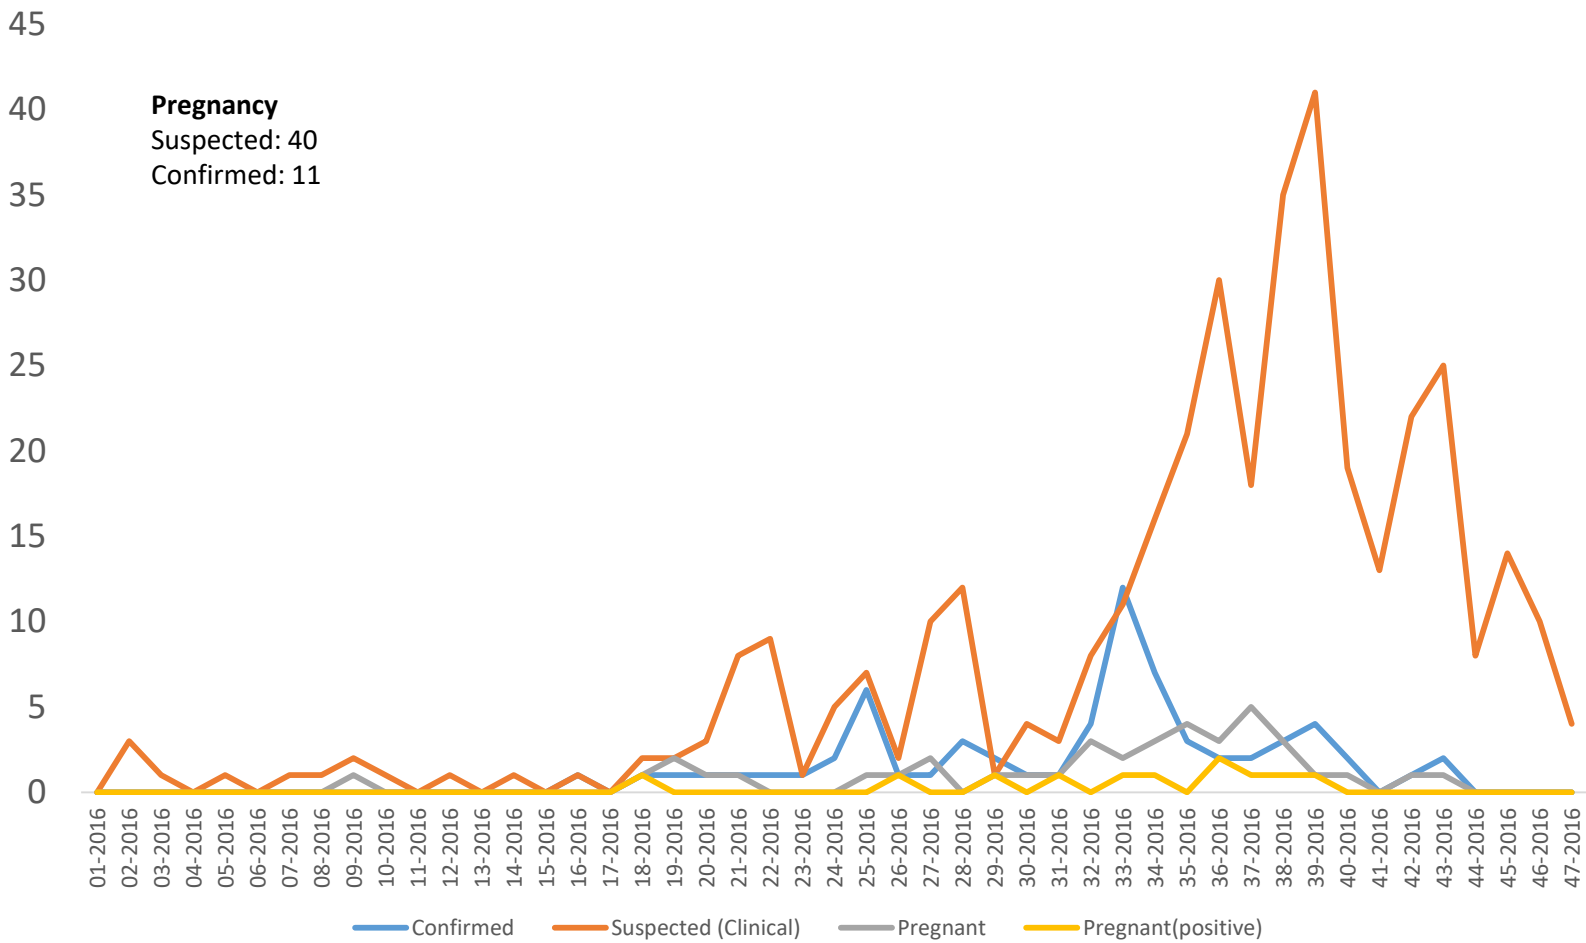

# Zika: Epi Curve 2016 (EW.47)

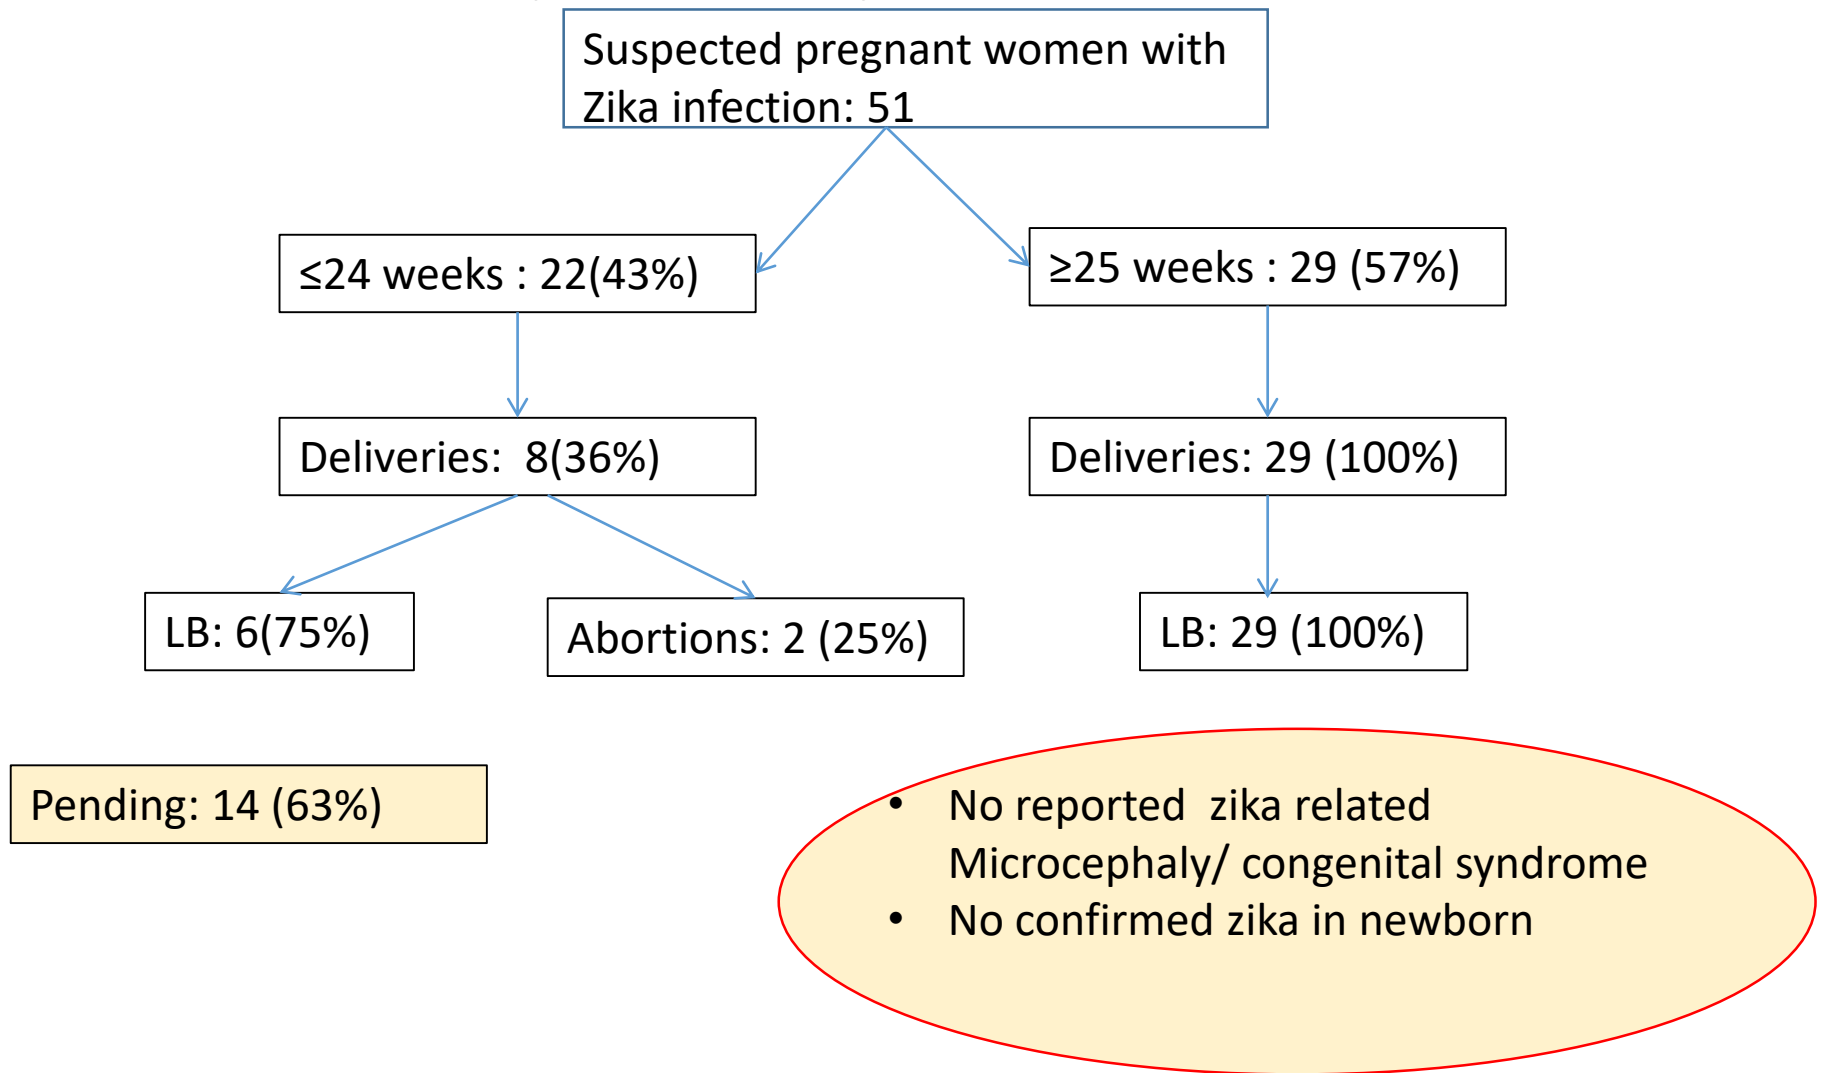

# Zika Incidence by district of residence, Belize 2016 (s 47)

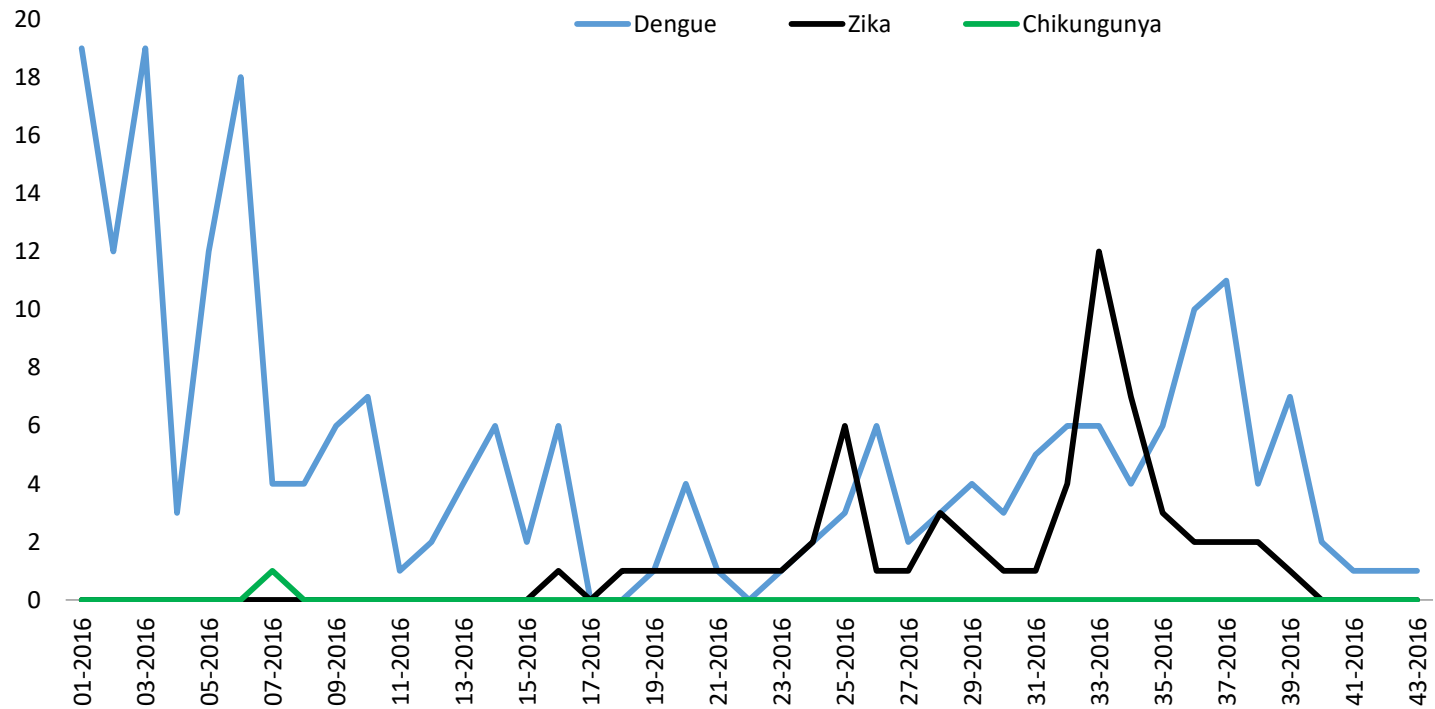

# Suspected and confirmed cases of zika and pregnancy 2016 (EW 47)

# Zika surveillance in pregnant women (EW 42)

# Confirmed Arbovirus cases by Epi-Week Dengue-Zika-ChikV (EW 43)

# Strengths

- National web-based electronic health records
- Alert system- email to relevant staff
- Baseline for microcephaly and GBS

# Limitations

- No in-country diagnostic laboratory capacity
- Limited amount of testing at referral laboratory
- No established guideline in the management of pregnancy and neonate

Thank you

# Suspected and confirmed Zika cases by age group (EW 42)
